PERSONAL PROFILE

I have been using computers for almost 13 years and I have gained an excellent knowledge in all areas of design, computers and the internet. I am very passionate about the industry I am involved with and am proud to be considered myself a designer.

I see one of my major strengths being my adaptability. I am able to jump easily from being a designer, to a coder, to software and hardware technician, to decision maker. This adaptability can also be seen in my design work where I am able to handle any task I'm given, be it web, multimedia, motion, branding, or print.

SOFTWARE PROFICIENCY

I have extensive knowledge of many software applications. Listed are those which I use on a regular basis:

Adobe Photoshop

I have been using Photoshop extensively since 1997 and consider myself to be an expert user. I use Photoshop for creating layouts for most of my designs as well as retouching and manipulating photos.

Macromedia Dreamweaver

I've used a range of HTML authoring software but Dreamweaver has been my choice for 7 years.

Adobe Illustrator

I am very comfortable working with vectors, I have had plenty of experience creating layouts, illustrating and designing with these applications.

Adobe InDesign

This is my preferred application when it comes to laying out multiple page documents, though I have some knowledge using Quark Express too.

Macromedia Flash

I have created many diverse projects in Flash including websites, galleries, banner advertisements, CDROMs and Presentations.

TECHNOLOGICAL PROWESS

I have pretty good knowledge of the following technologies:
XHTML / CSS, PHP, MySQL, Flash Actionscript & Javascript.

Thanks for taking the time to look over my curriculum vitae. If you haven't already done so then please visit my portfolio at:
